

# Achieving Course Learning Objectives Through Online Labs

**Justin St. Juliana**

Cornell University, Department of Ecology and Evolutionary Biology, E145 Corson Hall  
Ithaca, New York 14853, USA  
([jrs626@cornell.edu](mailto:jrs626@cornell.edu))

This workshop will cover ideas for how to achieve your course learning objectives using online labs. It will include discussion around how to engage students and ideas about how to structure an online lab course.

**Keywords:** online labs

### **Mission, Review Process & Disclaimer**

The Association for Biology Laboratory Education (ABLE) was founded in 1979 to promote information exchange among university and college educators actively concerned with teaching biology in a laboratory setting. The focus of ABLE is to improve the undergraduate biology laboratory experience by promoting the development and dissemination of interesting, innovative, and reliable laboratory exercises. For more information about ABLE, please visit <http://www.ableweb.org/>.

*Advances in Biology Laboratory Education* is the peer-reviewed publication of the conference of the Association for Biology Laboratory Education. Published articles and extended abstracts are evaluated and selected by a committee prior to presentation at the conference, peer-reviewed by participants at the conference, and edited by members of the ABLE Editorial Board. Published abstracts are evaluated and selected by a committee prior to presentation at the conference.
